

You, the Federal Communications Commission (FCC), have the power to stop the Sinclair Broadcasting Group from airing its partisan biased propaganda film "Stolen Honor". No media entity should be allowed to use the public airwaves to broadcast its partisan campaign, which "Stolen Honor" apparently is, as if it were news reporting, which it is not. "Stolen Honor" is made and intended solely to subject the Democratic presidential candidate, Senator John Kerry, to character assassination in favor of Sinclair's favored Republican candidate, George W. Bush. There could be no more criminal abuse of the nations airwaves, which, if you allow it to happen, will cause severe damage to our democratic way of life in America. Please defend our democracy now!
